Skyline Installation Europe Business Center (EBC) - Banska Bystrica, Slovakia

Recently the skyline of the Slovakian city of Banska Bystrica has been enriched with an imposing new attraction: Slovakian e:cue partner Leader Light realized in cooperation with A&O Technology the impressive façade lighting scheme of the Europe Business Center. For the 22 floors, 87 meter total height of the façade, 3240 custom finished Leader Light LED PIXEL POINTS as well as 8 Falcon Static Arc 2 kW and 3 Falcon Beam ARC white devices are installed. The complete system runs over 2 e:cue LCS 1 servers (1x backup) and 12 e:cue butlers control and enable the rendering of Video and image content in addition to effects with up to 16 million colours onto the complete façade.
