

SHOWCASE

Cirque du Soleil - Las Vegas, USA

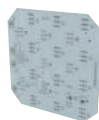

Cirque du Soleil is an entertainment company that combines its shows with elements of street performances, ballet, circus, opera and rock music.

For the latest Cirque du Soleil show "Beatles Love", Traxon provided a customized version of the Board 16 PXL DMX. Traxon installed a total of 2.800 LED Boards in the lobby floor and on the bars counters.

Along with providing hardware and software, Traxon worked together with the Cirque du Soleil design team to create a variety of unique lightshows for this event.
